Exciting Outdoor Adventures

Most sunshine hours in South Africa

Beat the winter chills and visit the Sunshine Coast in June. Enjoy our mild climate and glorious sunshine. Be sure to connect with nature on World Environmental Day on the 5th June, celebrate World Ocean's Day on the 8th and Father's Day on the 19th!

#SunshineCoastUnplugged is all about YOU!

We are launching our Winter campaign called #SunshineCoastUnplugged and would like to invite you to share your favourite images, typically featuring you, a family member or friend, making the most of our pristine outdoor environment. Share on our facebook page Sunshine Coast South Africa using the hashtag #sunshinecoastunplugged.

Each week, Talk of the Town will choose their favourite photo and publish it in that week's edition. We will also share all your favourite photos on our instagram pages.

BREAKING NEWS: SURVIVOR SA LOCATION REVEALED!

The Sunshine Coast plays host to the new season of Survivor South Africa.

20 Castaways give it their all to OUTWIT, OUTSMART + OUTPLAY each other against the backdrop of the staggering beauty of the Sunshine Coast, Eastern Cape's rugged coastline.

The series premieres on on 18th July, on M-NET's Channel 101.

Great River Adventures

Tel: 083 461 3849
Tel: 082 427 6952 (AH)
www.houseboatsportalfred.co.za

Port Alfred Houseboats is still the best way to experience the unspoiled vistas of the Kowie River. The river meanders past towering cliffs, covered with indigenous vegetation and private game reserves where gentle giant giraffes and birds abound.

These self-drive leisure liners are fully equipped with all the necessary mods to ensure a comfortable stay. This includes on-board ablution, shower, stove, fridge, cutlery and crockery, glassware, cooking utensils, bedding and even braai facilities. Each boat accommodates up to 4 adults and a child for overnight stays and up to 7 adults for a day use.

For those with no skipper's license, Port Alfred Houseboats facilitates a SAMSA approved temporary skipper's license assessment that is valid for 6 months. Whether you are planning to fish, a getaway with family or friends, romantic escape with someone special or just a day out on the water to enjoy the sun and fresh air, Port Alfred Houseboats is the obvious choice.

Hiking Woody Cape

The Alexandria Hiking Trail is a 36km, 2-day circular trail.

Day 1 is approx. 19.5km, and the second day approx. 16.5km.

Hikers require a moderate level of fitness, especially for the dune crossing on the second day.

The Langebos huts (equipped with 12 beds/mattresses, toilet and braai facilities and a hot shower) are situated within the forest and are the base huts for the trail. It is recommended that hikers stay overnight before leaving for the first day.

At the end of the first day, hikers can stay over in The Woody Cape hut, overlooking Bird Island. This hut is equipped with 12 beds / mattresses and it has a rainwater tank for drinking and cooking water only.

Long Drop toilets are available, but regrettably no shower.

The 2 Day Trail encompasses 3 distinct environments - forest, coastal dunes and sea shore. The first section of the hike travels through magical forest where ancient yellowwoods and spectacular coral trees can be seen. The Waterboom - a gigantic yellowwood, named for the reservoir of water held at the base of the trunk, provides an interesting stop. After crossing open fields of Perdekloof, the trail moves onto the beach where the stark sandy beach ecosystem and dramatic dune cliffs provide breathtaking scenery where 6 km of untouched coastline stretches out in front of you. Dramatic cliffs of Woody Cape provide the hiker with 2 options - either walking along the boulder strewn base of the cliffs or climbing a long ladder to reach the top, leading onto the dune fields. Southern right whales can be seen just off shore in certain months and dolphins are often spotted playing in the waves.

On the second day, the trail traverses sand dunes of the largest coastal dune field in the Southern Hemisphere. Tall posts guide hikers through shifting dune fields. Fascinating ancient midden sites, evidence of the strandloper people that wandered these shores can also be seen the last 5km of the trail as it winds again through indigenous forest.

You can expect to see an abundance of birdlife, naturally occurring antelope, lizards, amphibians and a wide variety of vegetation.
